Resolution Supporting Sen. Chris Van Hollen for Senate Leadership

Whereas, at this moment in our country, we need bold, accountable leadership in the United States Senate, and

Whereas, the American public through their votes in the midterms expressed the desire for committed, transparent leadership from Democrats in the Senate

Whereas, the American public through their votes in the midterms and in their public statements thereafter have called for genuinely competitive leadership elections in the Senate Democratic Caucus;

Now therefore, be it resolved that the Sonoma Valley Democratic Club calls for competitive leadership elections in the Senate Democratic Caucuses, and supports Sen. Chris Van Hollen for Senate Leadership

Be it further resolved, that the Sonoma Valley Democratic Club urges our current Democratic Senators to support competitive leadership elections and to support Sen. Chris Van Hollen for Senate Leadership.
